'Exposure NOT Anihilation'

When reading through this informative essay please remember that the concept 'Zionism' is 'Judaism' written in political capital letters. Genital mutilation/circumcision is a pillar of Judaism/Zionism, as is cruel kosher slaughter, the other major pillar of the Jewish/Zionist religion. Only Adolf Hitler and the German National Socialists dared to outlaw such anti-human rights activities. Hence the continuing effort since the end of World War Two to eliminate the German nation and its cultural achievements – ed. AI.

Mask of Zion

The Zionist Infestation Of Africa:

Zimbabwe To Uganda, Congo To Somalia And Beyond

By: Jonathan Azaziah, Wednesday, April 18, 2012

Africa has been infiltrated and infested by international Zionism; its resources are being bled dry by a guild of Jewish criminals – graphic by [Skulz Fontaine](#)

It isn't matter of debate, on any level, that historically, Africa has been the most tormented and tortured of the planet's continents and regions. Ravaged by centuries of colonialism and its bastard child, the Transatlantic Slave Trade, imperialism, civil wars instigated by foreign intelligence agencies, the plundering of natural resources and faux "humanitarian" interventions en masse, it seems that Africa just cannot find the *salaam* it undeniably

and screamingly deserves. Much has been written about Africa's plight being a product of Western aggression and Western racism but this is only a partial truth, as is so often the case when a discussion of world events and world history is initiated in the modern era of media domination, manipulation and disinformation. There are hidden hands behind every bit of genocide and suffering in Africa, past and present alike.

In the groundbreaking works [The Secret Relationship Between Blacks and Jews: Volume One](#), [The Secret Relationship Between Blacks and Jews: Volume Two - How Jews Gained Control of the Black American Economy](#) and [Jews Selling Blacks: Slave Sale Advertising by American Jews](#), the Historical Research Department of the Nation of Islam, based 100% on Jewish (oftentimes rabbinical) and philo-Semitic sources, unequivocally demonstrates that the torturous, inhuman and genocidal Transatlantic Slave Trade was an endeavor dominated by Jews, going back to the very beginnings of it in Brazil and Surinam. Despite a systematic smear campaign still going on to this day, the Jewish-

Zionist Power Configuration has failed miserably in refuting the scholarly volumes because of the meticulous sourcing. What makes this revelation all the more intriguing, as well as disturbing, is that this hegemony wasn't only material and physical, with Jews operating as both slave owners and slave traders; it was also ideological, with Jews passing down their dehumanizing religious beliefs to their Anglo partners in human misery.

The Talmud: Judaism's holiest book, where anti-Gentile hatred is emphatic; it is here where the anti-African fable known as the "Curse of Ham" was born.

In the Jewish religion, as ordained by the Babylonian Talmud, Blacks are eternally cursed through the

channel known as "The Curse of Ham." Though the curse originated in Chapter 9 of Genesis in the Bible, no racial identity was applied to Ham, son of the prophet Noah, and there was certainly no anti-Black prejudice. The racist origins of The Curse of Ham originated within the 'wise' rabbinic pages of the Talmud, which damned Blacks to an infinite existence of enslavement. Stated the rabbis, "Ham is told by his outraged father that, because you have abused me in the darkness of night, your children shall be born black and ugly; because you have twisted your head to cause me embarrassment, they shall have kinky hair and red eyes; because your lips jested at my expense theirs shall swell; and because you neglected my nakedness, they shall go naked (1)." Moses Maimonides, Judaism's most celebrated rabbinic 'sage,' has written that Blacks are "irrational animals" who are "below mankind but above monkeys (2)."

Maimonides' views are central to the overall Jewish view of Black people, as his name among Jews is an infallible and holy one. Talmudic rabbis have deepened The Curse of Ham over time, attributing bestiality as a regular engagement among Blacks, concocting depraved sexual fantasies of Ham fornicating with dogs and ravens and thus, having his skin damned with even more blackness for his perversion (3). Sick would be an understatement; demented wouldn't even begin the description. And when the usurping Zionist regime's policies towards Ethiopian Jews are examined in depth, and they are nothing short of emphatically deplorable, as well as Jewish discrimination against Blacks in the United States due to the disproportionate Jewish accumulation of wealth (4), it is as clear as the sky is dark when the sun falls that these hideous Talmudic beliefs are very much

intact today, in the main blocs of Jewish life.

The Rothschild family, the infamous and monstrously powerful Jewish dynasty of bankers, socialites and philanthropists who are rightly considered to be the godfathers of the criminal Zionist entity, are also linked to profiting from the Transatlantic Slave Trade (5). The Rothschild family was also fervently Talmudist, a tradition dating back to the family's grandsire, Mayer Amschel himself, who was described by one S.J. Cohen in an unofficial, albeit accurate, admiring and authoritative biography of the Jewish financier entitled, "The Exemplary Life of The Immortal Banker Mr. Mayer Amschel Rothschild," as a "zealous believer in the Talmud and chose it alone as the guiding principle of all his actions (6)."

Therefore, it shouldn't be one bit astonishing that the Rothschild family would take part in such a cruel, murderous practice as slavery, as their Jewish beliefs dictated to them that it was perfectly okay to do so; their halfwit, nonsensical apologies notwithstanding. The Rothschild dynasty's beliefs are also intrinsic to the spread of British and French colonialism throughout the African continent.

The House of Rothschild

Mayer Amschel Rothschild and His Five Sons

The House of Rothschild: Talmudist Jewish banking dynasty that financed the colonial rape of Africa.

As the courageous polemical poet and hero Ezra Pound once said, "Until you know who has lent what to whom, you know nothing whatever of politics, you know nothing whatever of history, you know nothing of international wrangles." The British and French governments would have not have carried out and could not have carried out their blood-soaked colonial adventures in Africa without an elephantine amount of money, which they indeed did receive from their central banks in London and Paris respectively, as is properly acknowledged by history. What isn't discussed or dare it even be said, what is ignored for fear of what lies beneath the surface, is that the these central banks, according to a cornucopia of Jewish sources, were under Rothschild dominion, with James Mayer in Paris and Nathan Mayer, described frequently in his time as "King of the Jews," in London. Millionaires of Jewish extraction were very much the power of France's financial scene and all of them were surrogates of the House of Rothschild. Jews of socialist, imperialist and republican political backgrounds all worked for the same cause: the furtherance of Rothschild power. As for Britain, the vast majority of the imperial power's financial transactions were handled by the Rothschild dynasty (7).

To be clear, the House of Rothschild did not have a mere lackadaisical connection to colonial imperialism, as if they were a fantastical caricature of financial greed, sitting in the lap of luxury while their "money worked for them." These were Jewish fanatics who sincerely believed in subjugating the planet according to their tribal holy books, plundering the wealth of the *goyim* as they were meant to do as "God's chosen people," as confirmed so hatefully and vividly by this Babylonian Talmud excerpt, BT Baba Bathra 54b, "Property of gentiles is like the desert;

whoever among the Jews gets there first, owns it (8)."

The Rothschilds were the active disseminators of colonialism and imperialism and there is no clearer evidence of this than Cecil Rhodes, perhaps the most famous advocate of British world domination and considered to be a pioneer of the British colonial enterprise. This assessment however is quite deceptive as since the early 1880s, **Cecil Rhodes was nothing but a proxy for the Rothschild family, who had a "substantial financial hold" over him. Rhodes, who with Rothschild capital established supremacy over the African diamond trade, reported directly to Nathan Mayer himself (9).**

It was the Rothschild frontman Cecil Rhodes who, in accordance with the hegemonic plans of his Talmudist masters, established the genocidal colony of Rhodesia, just north of South Africa, setting off a century of tumultuous conflict and unnecessary bloodshed. Rhodesia would go from colony of the Rothschild Empire, to the sadistic apartheid regime of Ian Smith from 1965-1980, to the nation known today as Zimbabwe, and it is here, where the introduction will end and the study shall begin. The Jewish exploitation of Africa has not ended; it has simply changed faces from the Talmudic financial expansionism of the House of Rothschild to the Zionism of the usurping Jewish entity in Palestine.

Ruth Feigenbaum and Rabbi Moshe Silberhaft: Zionist agents attempting to impose Jewish cultural imperialism on Zimbabwe. Infiltrated Zimbabwe: Cultural Zionism Spreads Under The Guise Of "Humanitarianism"

On March 1st, 2012, a curious article appeared in the Jewish Telegraph Agency (JTA), the self-described "Global News Service of the Jewish People," entitled, **"In face of desperate African poverty, Ruth Feigenbaum provides a beacon of hope (10)."** Feigenbaum, according to the JTA, became involved in human rights activities in Zimbabwe after her gardener (read: servant) was diagnosed with HIV and subsequently passed away three days later. The entire ordeal "deeply upset" Feigenbaum. Described as a "major player" in Zimbabwe, Feigenbaum used her "international Jewish connections" to build up charities inside Bulawayo, Zimbabwe's second largest city.

One such group that assisted her was the World Jewish Relief of London, an organization with a heavy hand in Africa and funded by a **who's who of Zionist consulting firms and Jewish fashion magnates including, but by no means limited to, Marks and Spencer, PO Ltd and Paula Ohrenstein Ltd, Lucy Wernick and Associates, Barry Finer, Majesta Ltd and the Jacobson Group (11).**

Some of the World Jewish Relief of London's notable partners are **B'nai B'rith, the institution of exclusively Jewish Freemasonry that the Zionist spy nest known as the Anti-Defamation League is intrinsically attached to, the American Jewish Joint Distribution Committee, a group originally founded as a distribution channel for funds used in the Jewish-Zionist plot to steal Palestine, Lyceum Shaalavim, an Orthodox Jewish school that specializes in Talmudist teachings and the Jewish Forum of Ukraine, a group tied to Zionist fundraising groups throughout the Eastern European nation (12).**

Apart from the alarming connections of the World Jewish Relief of London to the international

Zionist criminal network and the racist core of Orthodox Jewry, the real reason why Feigenbaum is bouncing around Zimbabwe is revealed by her words, and it isn't "humanitarianism." Feigenbaum, referring to Zimbabwean children that she works with, said, **"They have learned something about Jews and Judaism from me (10)."** Assuredly, what these precious, innocent and unsuspecting children "learned" wasn't the Curse of Ham or the teachings of Maimonides.

Furthermore, Feigenbaum was assisted in her efforts by a South African rabbi named Moshe Silberhaft, who provided her with books for the children that she works with and who a library in her community would be named after. The JTA report noted that, "In her work with local Zimbabweans, Feigenbaum has introduced some Jewish teachings. During the library dedication, she had tears in her eyes watching the orphans sing songs in the two main indigenous Zimbabwean languages, Shona and Ndebele, as well as in English and Hebrew." Feigenbaum also made mention that, **"They greet me on every visit with a 'shalom' and thank me by saying 'todah rabah.' At Pesach time, with the matzah sent to us by Rabbi Moshe, I arrange a third seder so they can learn a little about our customs (10)."**

The African Jewish Congress is an outpost of Zionism that is vital to "Israeli" hegemony over the African continent.

What was conspicuously absent from the JTA report, information

that confirms who Feigenbaum really is and what her truly sinister intentions are is that [she is a member of the African Jewish Congress \(13\)](#), a Zionist Lobby group which helps African Jews ["retain their links with World Jewry" and which maintains organizational goals of "fighting anti-Semitism" and promoting the interests of the usurping Zionist entity. The African Jewish Congress is an affiliate of the South African Jewish Board of Deputies and the World Jewish Congress \(14\)](#), one of the most powerful Jewish-Zionist groups on the planet. The executive director of the African Jewish Congress is none other than Rabbi Moshe Silberhaft, Feigenbaum's partner in Zimbabwe, [who was rabbinically ordained in occupied al-Quds and is a citizen of the criminal Zionist entity \(15\)](#). To repeat, Feigenbaum is no "humanitarian," no "human rights activist"; she is a cultural Zionist imposing cultural Zionism (also known as Jewish cultural imperialism) on a native population.

The legendary Nigerian revolutionary and musical renegade Fela Kuti famously declared that European cultural imperialism was the biggest enemy of the African and was the thing most vital for him to fight against. In this spirit, an addendum should be added that Jewish cultural imperialism (Cultural Zionism) is an enemy just as deadly to the African if not more so due to Jewish religious teachings and Zionist occupation policy (which is rooted in Judaic "wisdom") both being inherently anti-Black. Cultural Zionism will install in its African victims a brutal cognitive dissonance in which they vehemently despise racism but also love Zionists, despite their abyssal and ancient supremacist beliefs, specifically in regards to the African, who, in their Judaic worldview, is eternally damned to slavery and "blackness" because of the Curse of Ham.

Asher Zvi Hirsch Ginsberg: Jewish supremacist and founder of Cultural Zionism.

Cultural Zionism was created and developed by Jewish supremacist and educated Talmudist [Ahad Ha'am \(real name: Asher Zvi Hirsch Ginsberg\), who viewed the criminal Zionist project as a means of founding a "spiritual center for World Jewry \(16\)"](#), the indigenous Palestinian people be damned. What Africans need to know is that at the [very heart of Cultural Zionism is the destruction of everything that is not Jewish for the furtherance of Jewish interests, as evidenced by the "Greater Israel" doctrine \(17\)](#). Ruth Feigenbaum's advances in Zimbabwe are merely the beginning of something far more sinister, far more dangerous, like the early Jewish-Zionist settlers in Palestine before her, advancing Jewish cultural imperialism slowly and cunningly.

An integral part of Cultural Zionism is spying and reconnaissance, understanding the indigenous culture before encroaching upon it and destroying it, and fifth columnists for the usurping Zionist entity is exactly what Feigenbaum, Silberhaft and the African Jewish Congress are. It is not coincidental that their activities have heightened at a time not too long after the Zimbabwean government of President Robert Mugabe stood defiantly against international Zionism and its proxies in

Washington D.C. and London by vowing to provide the Islamic Republic of Iran with uranium for its peaceful program, despite crippling economic aggression. Indeed, Zimbabwean Foreign Minister Simbarashe Mumbengegwi pointedly declared, ["Restrictions against the two countries {Zimbabwe and Iran} are not accidental. Western states follow the approach of sanction towards countries which do not yield to their domination and act against their interest \(18\)"](#).

The cruel sanctions against the Islamic Revolution are well-known. The Western economic war against Mugabe's Zimbabwe however is a hidden truth, the root cause of the hardships currently being struggled against by the Zimbabwean people and one that was also deliberately absent from the JTA report on Feigenbaum and her Zionist "activism."

From the moment of Zimbabwean independence from the Rothschild Empire, Mugabe, himself imprisoned by the apartheid regime for a decade (1964-1974), initiated a program of land reform aimed at redistributing the land confiscated by the Rhodesian settlers back to their rightful owners: native Zimbabweans. The British government, an agent for Rothschild interests, entered into an agreement with Mugabe that it would take care of the Rhodesian settlers. Typically, it reneged, in a deliberate attempt to break the back of the Zimbabwean government and send the country into chaos. Mugabe, who built excellent programs of national health care and education, resulting in a literacy rate of 95% among indigenous Zimbabweans, the highest in Africa, as compared to an abysmal 39% during the apartheid years, resisted in the name of his people. And as a result of his sincere resistance to the Western plot, the American and British governments, as well as the IMF, an institution dominated by Zionist Jewry, imposed devastating

sanctions on his country. The sanctions have prevented the Mugabe government from importing raw materials, laying the agricultural and industrial sectors of Zimbabwe to waste (19).

Robert Mugabe has been steadfast in defending his nation from Western aggression and Jewish exploitation.

Because of Mugabe's historical principled stance on Palestine, and his courageous efforts to stop Jewish monopolization of Zimbabwe's clothing and textile sectors (20), the usurping "Israeli" regime has joined in the economic aggression against the southern African nation of Resistance. The Zionist regime's Industry, Trade and Labor Ministry, along with the Kimberley Process, an "Israeli"-run forum that fronts as a "human rights" group interested in stopping the flow of blood diamonds onto global markets, and Human Rights Watch, the notorious NGO funded by billionaire Zionist mega criminal George Soros to the tune of \$100 million (21), teamed up to punish Zimbabwe for alleged (read: non-existent) human rights abuses and corruption (22).

The utter egregiousness aside, what makes the matter so pathetically farcical and so laughably hypocritical, is that the largest exporter of diamonds in the world is "Israel," and every

diamond it produces is a blood diamond due to the fact that it stands accused of war crimes, crimes against humanity, ethnic cleansing, genocide, apartheid and extrajudicial executions inside and outside of its (ever-expanding) territory. The Zionist entity uses the money it procures from its blood diamonds to fund the criminal 64-year occupation of Palestine (23). And, in a stunning twist of fateful irony, just recently, an "Israeli" pilot named Shmuel Kainan Klein was caught by Zimbabwean immigration officials in an attempt to smuggle diamonds to Tel Aviv (24). The Zionist assault on the Zimbabwean people isn't a new phenomenon either. While Mugabe was fighting the Rhodesian apartheid regime of Ian Smith, "Israel" was advising it, assisting it and arming it, with its patented "Uzi" machine guns and refurbished US helicopters (25).

With reports abound in the Zionist media about Mugabe's failing health, all of which, for the record, are false and likely planted by enemy intelligence agencies (26), the African Jewish Congress' Ruth Feigenbaum still operating and his nation's relationship with the Islamic Republic of Iran gaining more ground with each passing day, it is certain that for the foreseeable future, Zimbabweans will not know peace, as they haven't since the first day the Rothschild stooge Cecil Rhodes illegally stepped foot on their land.

A Zionist Plot In Uganda: Kony2012 Sensationalism and Disinformation Galore

On March 5th, 2012, the worldwide web was set ablaze by a glossy, emotional and deceptive video called "Kony2012" about a Central African rebel group known as the Lord's Resistance Army (LRA) and its leader Joseph Kony. Produced by a group called Invisible Children, the Kony2012 campaign attracted

celebrities from across the (Jewish-run) Hollywood spectrum and garnered major attention from the Zionist media. If these weren't suspect enough, the red flags were solidified upon examining the campaign poster, which featured Joseph Kony alongside Osama Bin Laden and National Socialist Germany's Adolf Hitler.

The Kony2012 campaign just unbearably reeks of Zionist propaganda.

Slamming a leader as "Hitler," his country as "Germany" and his people as "Nazis" is a common, tiresome, ad hominem and reprehensibly slanderous attack that the Jewish Power Matrix has utilized incessantly since the horrific fall of National Socialism at the hands of the genocidal Allied Axis during WW2, most specifically against the German people themselves, Palestinians and Iraqis. And Osama Bin Laden of course, has been the boogeyman used by international Zionism to justify its ongoing Orwellian "war on terror." The matter was quite reminiscent of the "Save Darfur" farce, a campaign that began as an exclusive project of the American Jewish community, with hardline Zionist groups like the American Jewish World Service and Jewish Community Relations Council leading the way in the propagandistic

assault on the government of Sudan. More than half of the \$100 million raised ended up in "Israeli" banks to fund illegal settlements in the occupied West Bank (27).

Kony2012 is no less fraudulent as Joseph Kony is wrongfully depicted as this supremely influential warlord who has built up a massive, murderous army through the widespread physical, psychological and sexual abuse of child soldiers. Nowhere in the video does it mention that Kony's LRA was originally comprised of the Acholi people, an ethnic group repressed and enslaved by the Rothschild-financed British colonialists. Nor does it mention that the LRA was formed to combat discrimination and resist the military dictatorship of Yoweri Museveni, who receives \$45 million yearly from the US government to assist the fight against Al-Shabab, the Islamic Resistance of occupied Somalia. Conveniently, it also doesn't mention that the LRA hasn't been active in Uganda or anywhere else in Central Africa since 2006 and Kony himself has been AWOL for some time. **The video is a con, pure and simple, and a dangerous one at that, as it attempts to create a pretext (capturing Kony) to justify American military aggression against Uganda and deepen the already-troublesome presence of AFRICOM on the continent (28).**

Invisible Children is a proxy of USAID, the odious next of spies and organ of international

Zionism.

Despite all of the hype however, Kony2012 is now in shambles. Jason Russell, co-founder of Invisible Children and the driving force behind the viral video, **has brought disgrace to the initiative after melting down in public by swearing and screaming to himself, behaving lasciviously and pounding the sidewalk with both hands, all while being in the nude (29).** Moreover, Invisible Children **has been caught spying for the brutal Museveni regime and backing US-intelligence-led Ugandan military operations that left scores of innocent men, women and children dead (30).** In the most devastating blow, and what is now absolute corroboration of previous analytical deductions that pegged Invisible Children as an organ of the arrogant powers, **it has been revealed that the NGO is being funded and supported through the Northern Uganda Transition Initiative of USAID (31),** the State Department apparatus so often associated with CIA-type operations and spying, **as evidenced most recently by its activities of infiltration in educational institutions across Lebanon (32).**

And it is here where the Zionist ball of yarn seriously and uncontrollably unravels. The Deputy Administrator of USAID is Donald Steinberg, a lifetime diplomat who has served in multiple high-level positions in the US government including, most notably, Director for African Affairs at the National Security Council (1994-95) and senior advisor to President Clinton on all African issues, as well as Principal Deputy Director of Policy Planning for the US State Department (2001-2003), where he intimately assisted Secretary of State Colin Powell with the reconstruction of occupied Afghanistan. Steinberg is also a devoted Zionist **who has played a key role in maintaining the status quos of the criminal occupations of Palestine and**

Kashmir through the Zionist-dominated "peace process" and its ugly sister, "conflict resolution (33)."

USAID chief Donald K. Steinberg: lifelong devotee of imposing the Zionist agenda upon Africa.

Steinberg is hated across the African continent for his role in the Rwandan Genocide, **in which he advised the Jewish-run, philo-Semitic, war criminal Clinton administration to ignore the terrible bloodshed that would unfold. Steinberg now serves as Deputy President of the International Crisis Group (34),** a mightily influential Zionist think tank founded by neoconservative hawk Morton Abramowitz and the aforementioned George Soros. Despite his "humanitarian credentials," it is clear from his positions and associates that Steinberg is a top rank agent of the Cultural Zionism project in Africa. And as a commander of the powerful USAID, there is no doubt that Steinberg ensures a policy that grants loans only to those groups who are willing to pursue the Zionist agenda.

Ugandan dictator Yoweri Museveni is also deeply involved with the usurping Zionist regime, hence why he receives tens of millions in aid from the Zionist-occupied United States government, which never compromises "Israeli" interests when it comes to setting up client regimes. He made his first visit to Jewish-occupied Palestine in 2003 when he met with the genocidal

mass murderer Prime Minister Ariel Sharon (real name: Ariel Scheinermann) and psychotic hardliner Foreign Minister Benjamin Netanyahu (real name: Benjamin Mileikowsky) for the purpose of securing arms. His most recent visit, in November 2011, with Netanyahu and massacrer of Qana Shimon Peres (real name: Szymon Perski), was in regards to more arms and amplification of economic aid. The meeting was organized by Rafi Eitan, the infamous former Palmach commander and Mossad operations director, who is now setting up business operations in Uganda (undoubtedly for further "Israeli" penetration) with the help of Museveni (35).

It must be stated that it is quite possible, nay, quite highly probable that Yoweri Museveni wouldn't be in power today if wasn't for the Zionist entity due to the usurping regime's intimate involvement in the downfall of former Ugandan leader, the misunderstood and demonized Idi Amin, who reigned from 1971-1979. During the opening months of his presidency, Amin had close ties with the Jewish supremacist entity, forging economic and military alliances with it. "Israeli" military advisors set up training camps for the Ugandan air force and infantry and there were routine meetings between Zionist occupation and Ugandan officials. The Zionist entity sold Amin jets, tanks and guns of all kinds, while its companies became involved in building Uganda's infrastructure, including houses and roads. In exchange, Amin agreed to assist Zionist efforts to fragment Sudan (36).

"Israel" however, despite the vast involvement it already had in Uganda, was not living up to the agreements it had made with Amin and he began to look elsewhere in the region for assistance. His breakthrough came with none other than Muammar al-Qadhafi, the fallen Libyan leader who had been a thorn in the side of international Zionism from the very beginning of

his reign. Qadhdhafi "berated" Amin for collaborating with Zionism and told him that the assistance was his as long as he promised to end his ties with the occupier of Palestine. Amin agreed and within two weeks, he had already taken measures to remove all Zionist Jews from Uganda and began issuing calls at the UN for "Israel" to be removed as a member and for "Israelis" to be expelled from Palestine back to Britain which he (rightly) viewed as responsible for helping birth the criminal Jewish "state." He also began actively aiding the Palestinian Resistance.

After turning against the usurping Zionist entity in 1972, Ugandan leader Idi Amin became a target that had to be "dealt with."

Right on queue, like clockwork, the Zionist media began depicting Amin as an "anti-Semite" and "brutal dictator" who ran a "terror regime" that "murdered hundreds of thousands of Ugandans belonging to tribes that opposed" it (36).

It was the "Entebbe Crisis," which lasted from June 27th, 1976 to July 4th, 1976, that ultimately led to the disintegration of Idi Amin's regime, tarnishing his image internationally and weakening him internally. Out of the ashes of what the Zionists would call "Operation Entebbe," President of Tanzania

Julius Nyerere would take action against Idi Amin at a time when he viewed the Ugandan leader and his army as weak. Nyerere would send 40,000 troops into the Ugandan capital of Kampala in April 1979, the culmination of three years of conflict, where the Tanzanian forces would emerge victorious drive Amin into exile (36). What isn't known about these two events, other than that they are indeed connected, is that the Zionist entity fomented and manipulated both of them.

The "Israeli" internal security service, Shin Bet, orchestrated the Entebbe false flag hijacking to bring down Idi Amin and weaken the PLO.

The Entebbe Crisis began when the Popular Front for the Liberation of Palestine (PFLP) allegedly hijacked a plane in Athens and subsequently flew the plane into Entebbe; 98 persons, most of them "Israeli" Jews, were held hostage. The operation was reported worldwide as an act of terrorism, with Idi Amin being a "state sponsor of terror." This narrative, like every other narrative of the Jewish-Zionist media, is a lie. In truth, the hijacking was a false flag attacked staged by the "Israeli" internal security service, Shin Bet (or Shabak), who had infiltrated the PFLP and planted "all sorts of wild elements" within the organization's mix. The intention of the operation, other than to undermine Idi Amin, was to weaken the PLO in the eyes of France and the United States.

The crisis came to a close when elite "Israeli" occupation commandos raided Entebbe Airport, bringing the Zionist false flag theater to its closing act and rescuing the hostages. "Israeli" Prime Minister Netanyahu's brother, Yonatan, died during the raid (37).

Tanzania, led by Julius Nyerere from 1961 until his retirement in 1985, was an "Israeli" client state from the moment of its independence in 1964, establishing uninterrupted security, diplomatic and economic ties (38). Most

recently, the Zionist entity has taken a substantial portion of control of Tanzania's vast mining operations, with the Engelinvest mega corporation of "Israeli" moneyman Jacob Engel taking hold of three mines, and securing dominion over Tanzanian gold, copper, nickel and other metals (39). Nyerere himself was not only an ally of the Jewish occupation regime but a devoted supporter of the Zionist cause, once ridiculously and insultingly declaring that war criminal Golda Meir (real name: Golda Mabovich) was the "mother of Africa." Nyerere personally (and nonsensically, for that matter) believed that any enemy of the Jews ("Israel") was an enemy of the Blacks (Africa). The relations between Tanzania and "Israel" were of a special kind and there is no doubt that this was due to the ideological veneration of Nyerere (40), which was highly peculiar for a Third World leader of his stature.

Amin's heroic intransigence made his removal a prime Zionist objective in Africa, and with these revelations regarding the bond between Tanzania and Zionism now in context, there can be doubt there was an "Israeli" hand in Nyerere's crippling of Amin and his government. The Ugandan people, now being ruled by the pro-"Israel" dictator Museveni, can only wonder

"what if..." in regards to what has transpired since that fateful 1976 summer in Entebbe; "what if..." Amin emerged triumphant over "Israel."

The tentacles of international Zionism extend throughout the globe and deep into the continent of Africa.

*

Conclusion:

Welcome To Africa, Where Zionist Tentacles Extend Throughout The Continent

On November 23rd 2010, an important story reported in the Hebrew press of the Zionist entity, then picked up by the Islamic Republic of Iran's Press TV, revealed a rather bothersome development. A retired "Israeli" colonel by the name of Avi Sivan had died in a helicopter crash near Yaounde, the capital of the Central African nation of Cameroon. Sivan was responsible for training the Cameroonian presidential guard and was also the head of the Jewish supremacist entity's military delegation to Cameroon (41). The question was, "if the Zionist entity's tentacles in Africa had penetrated a nation as geopolitically obscure as Cameroon, where else was it reaching?" To be blunt, the answer is, "everywhere." On the books, the usurping Jewish regime has intelligence contacts in Eritrea, Kenya, Malawi, Zaire, Nigeria, Ivory Coast, Egypt and Morocco (42).

Off the books, the list is even more extensive and thus, a brief but

precise overview is necessary. Firstly, it must be understood that even America's policies towards Africa, in fact, its entire geopolitical network of stratagems for the continent, are shaped by the Zionist regime itself and its plethora of think tanks (43). Secondly, the pestilential plan of senior "Israeli" foreign policy advisor Oded Yinon, "A Strategy For Israel In The 1980s," a plot discussed on numerous occasions here at Mask of Zion, which features the fragmentation and dissolution of Sudan and Libya as prominent points, has been exported by the Zionist regime across the African continent. "Yinon Africa" is being assisted by the Ugandan dictatorship of Museveni, the corrupt regime in Kenya and the longtime marionette of Zionism, Ethiopia. The objectives of "Yinon Africa" are to balkanize the continent on three lines: ethno-linguistics, skin color and religion. Additionally, the concept of a US Military Central Command in Africa (AFRICOM), was designed and promoted by the Institute for Advanced Strategic and Political Studies (IASPS), the same Zionist think tank that produced the infamous "Clean Break" papers (44).

The usurping Jewish supremacist entity and the apartheid regime in South Africa were so intertwined before the fall of Pretoria that it appeared they were a singularity.

The malevolent apartheid regime of South Africa is perhaps where the Jewish supremacist entity's ties were the strongest. In South Africa, Jews benefited and thrived under the racist regime's protection,

maintaining and strengthening their ties with the Zionist entity. The Board of Deputies of South African Jewry, a major Zionist Lobby front on the African continent, declared "neutrality" in regards to apartheid so Jewish interests weren't compromised. The "Israeli" security establishment saw the relationship with South Africa so vital in fact that, it actually believed the ties saved the Jewish "state" from extinction. The Zionist entity didn't just provide a plethora of arms to the apartheid regime, it "created the South African arms industry." Zionist occupation officers also assisted Pretoria with its operations (read: atrocities) in Angola and, from the illegal Jews-only colony of Kibbutz Beit Alfa, "Israel" developed a profitable industry selling anti-riot vehicles to the apartheid regime. Most astoundingly, Zionism provided South Africa with nuclear technology and expertise, helping it build its own miniature nuclear arsenal (45). Needless to say, every drop of South African blood spilled by the apartheid regime, especially in its last days, is on the hands of "Israel."

Speaking of Angola, where the Zionist entity was active with South African forces, it should be mentioned that Angolan warlord Jonas Savimbi, the seemingly eternal darling puppet of America's Jewish Lobby, the neoconservative establishment and "Israel," was assassinated by Zionist special forces when he no longer served a purpose (46).

Nowhere has the usurping and criminal Zionist entity been more successful in executing destruction than Sudan, a prime target of the Yinon Plan in its past and current incarnations. Oil-rich Sudan has been cracked in half, its unity split and destroyed. The Zionist dragon's military-intelligence apparatuses designed this balkanization, instigated it, funded the players and from Uganda to Ethiopia, it still maintains agents and assets to uphold the new fragmented

Sudanese status quo. "Israel" has already entered the new, fabricated nation-state of 'South Sudan.' The deceptive and dangerous IsraAID, backed by Zionist Lobby organizations like the American Jewish Committee and United Jewish Appeal, is on the ground. The newly-created Zionist puppet state has opened its doors to "Israeli" companies to do business in the fields of agriculture, infrastructure, security and medicine, business worth hundreds of millions of dollars. South Sudan views this gesture as gratitude for the Zionist dragon's committed military and intelligence support to its 'rebellion.' And now, to make the relationship between South Sudan and Zionism globally legitimate, full diplomatic relations have been established between the two entities so Tel Aviv can officially take control of South Sudan's oil-rich economy (47).

"Israel" has been exceedingly active in Ethiopia for decades upon decades but 1990 is where relations hit new peaks. The Zionist regime fueled the Ethiopian Civil War as a testing ground for what it could do with its real enemies, Iraq, Syria and Iran. "Israel" supplied the regime of war criminal and collaborator Mengistu Haile Mariam with cluster bombs, several hundred IOF military trainers to guide the Ethiopian Army, 150,000 bolt-action rifles and an unknown number of its patented "Uzi" machine gun (48). The assistance has continued under the rule of Ethiopian Prime Minister and horrific human rights abuser Meles Zenawi Asres, in power since the fall of Mariam, with the most recent development being the purchase of murderous drones from the "Israeli" firm, Bluebird (49).

Kenya and the Jewish "state" are united in the Zionist war against the people of occupied Somalia.

Kenya has been dear to the heart of the Jewish "state" since its assistance to Mossad and Aman during Operation Entebbe (50).

In late November, the Kenyan regime signed a security pact that would have "Israeli" security consultants sent to the East African nation to govern its assault against the Islamic Resistance of occupied Somalia, Al-Shabab. The Somali Resistance assailed the Kenyan regime for the traitorous move, slamming the deal as an attack on Islam (51). The Zionist entity has provided Kenya with weapons in the past and this pact will significantly expand the existent ties, which is promising for "Israeli" arms firms; as usual, the innocent civilians already being butchered in the Zionist proxy war are of no concern to the Jewish "state" (52), considering that the civilians are of African origin and therefore "cursed" in Zionist eyes.

The "Israel"-Kenya dirty deal is already "bearing fruit," as Kenya has allowed the usurping Jewish entity to house 5 drones in a Kenyan military base on the border with Somalia in exchange for a stash of heavy weaponry and 13 "Israeli" military advisors making their home in Kenya. The Zionist drones have illegally taken to the skies in Somalia and launched hellish missile attacks, with the latest one murdering at least 17 innocents and wounding more than 60 others (53). A 53-year old IAF engineer named Hanoach Miller, who founded a defense firm called Radom Aviation which has worked with

"Israeli" Aerospace Industries, has been caught attempting to smuggle weapons to the pathetic puppet regime in Somalia, which is fully complicit in the crimes against the Somali people carried out by the US-backed UN-AU occupation. Though Miller appears to be acting independently, this is highly suspect due to his elite status in the IAF and the fact that the Zionist entity wants to establish relations with the regime (54). Only because of the steadfast Resistance of Al-Shabab has Somalia not been colonized, but it is indeed in the sights of the Merhav Group of "Israel," a powerful Mossad-run consortium headed by elite Mossad agent Yosef A. Maiman that has already taken over the energy interests of occupied Afghanistan (55).

Libyan leader Muammar al-Qadhafi, June 1942 – October 20th, 2011; murdered in a Zionist conspiracy to fragment Libya.

Libyan leader Muammar al-Qadhafi, a revolutionary and four-decade resistor of Zionism and Western domination loved dearly by his people, is dead. In an operation led by NATO and its rebels, Qadhafi was sodomized and tortured before he was murdered. The invasion, which took place on the Jewish revenge holiday of Purim, like Iraq before it, was designed by the Foreign Policy Initiative (FPI), the renamed Jewish-Zionist "Cabal" once known as the Project for a New American Century, and the despicable lies of "human rights violations" and "impending genocide" used by the Zionist media to sell the invasion to the world were generated by UN Watch, a Zionist affiliate of AIPAC's

foreign policy wing, the American Jewish Committee, and headed by "Israeli" citizen Hillel Neuer. Qadhafi was planning to introduce a gold dinar into the African economy for oil trade, a move that would have devastated Jewish-Zionist financial domination of the continent (56). The NATO rebels are not only willing to recognize the usurping Zionist regime, they are prepared to let it establish a base in eastern Cyrenaica on a 30-year lease (57). Qadhafi is spinning in his grave.

Another African revolutionary life that "Israel" ended was that of Mehdi Ben Barka, routinely described as the "Moroccan Che Guevara" and, "the Frantz Fanon of Morocco." The Zionist entity's Mossad kidnaped the great revolutionary theoretician and murdered him in cold blood (58).

After penetrating the security forces of Nigeria, the Zionist entity's Mossad, with the help of the CIA, is tearing the oil-rich West African nation apart.

Nigeria as of late has been rocked by an unrelenting campaign of violent car bombings, including a horrific attack on Christmas Day, which the Zionist media blames on an Islamic group known throughout the capital of Abuja and other cities for its social services, Boko Haram. Nigerian Muslims view the attacks as a means of instigating a religious war to divide the country on ethno-sectarian lines (59), as per one of the directives of "Yinon Africa," and Nigerian Muslims also reject the idea that Boko Haram is behind the sophisticated attacks,

saying it is far beyond their scope and antithetical to their agenda. They say that Boko Haram has become a "boogeyman" used by the Goodluck Jonathan regime to obtain Western grants (60). It is not by luck of any sort that the bombings in Nigeria began right around the same time that the Jonathan regime brought in a team of Mossad and CIA operatives, overseen by "Israeli" Ambassador to Nigeria Moshe Ram, to probe (read: run) its security services (61).

The Zionist entity is attempting to break up Nigeria using the same successful methods it used in Sudan and it couldn't be any clearer.

"Israeli" activity has even been found as far as the tiny island state of Madagascar, where an "illegal commando unit" of Zionist mercenaries led by 60-year old Joseph Akiva from the illegal Jewish settlement of Netanya were involved in a savage crackdown that left dozens of protesters dead. Akiva and his band of goons were suppressing rivals of former Madagascar President Marc Ravalomanana. Despite business interests on the Indian Ocean island involving construction, Akiva has been extradited back to occupied Palestine for his murderous criminal activity (62).

One of the most unknown examples of Zionist puppetry in Africa was "Emperor" of the Central African Republic, Jean-Bédél Bokassa. The closest friend of the megalomaniacal Bokassa was one of the usurping Jewish entity's "famous generals," General Shmuel Gonen-Gorodish. The "Israeli" general, in addition to his military and security advice, built up the public relations of Bokassa throughout the globe. Gonen-Gorodish also embezzled large amounts of taxes and customs from the state treasury. Though their relationship didn't last long, when a military coup ousted Bokassa from

power, [Gonen-Gorodish helped him flee to the Ivory Coast, where, ironically enough, the luxury hotels, palaces of the rulers and monopolistic companies were all built with the close assistance of the private firms and racist Histadrut of the Zionist entity \(63\).](#)

The coastal West African nation of Sierra Leone has been pillaged by some of the most vile elements of International Jewry. From the Brooklyn neighborhood of Brighton Beach, the small, troubled and diamond-rich Sierra Leone was "virtually run" by Marat Balagula, the Ukrainian-Jewish mob boss of the most powerful criminal organization on earth, the *Red Mafiya*. Sierra Leone's president, Joseph Momoh, didn't have any problem with the Jewish syndicate setting up global smuggling and money laundering operations in Freetown because Balagula's associates, in return, bankrolled Momoh's 1985 presidential campaign. The Jewish ultra-gangster's main contact in Sierra Leone was a Mossad agent named Shabtai Kalmanovitch, who trained Momoh's presidential guard and assisted in the crushing of an attempted coup in 1986. [Balagula and Kalmanovitch were introduced by Rabbi Ronald Greenwald, a frontman for the interests of Marc Rich \(64\),](#) the famous billionaire Jewish criminal pardoned by Bill Clinton. This revelation shows a clear nexus between the "Israeli" entity and organized crime, united in the ancient Jewish hatred of the Black man, working together for the furtherance of Jewish interests.

In the Congo, where a catastrophic genocide has been occurring since 1996, in which up to 10 million people have died at a maddening rate of 1,500 a day, the profiteers of this downright insidious humanitarian disaster are almost exclusively Jewish and intimately linked to the larger network of international Zionism that has been

responsible for every major conflict of the last century.

DAN GERTLER

Dan Gertler: the Chabadnik Zionist and Jewish "merchant of death" responsible for drowning the Congo in blood.

Led by Dan Gertler, the grandson of Moshe Schnitzer, an Irgun terrorist known throughout the Zionist entity as "Mr. Diamond" and for founding the "Israel" Diamond Exchange in Tel Aviv in 1960, [which today brings the usurping regime \\$14 billion annually in blood business, there is a Jewish-Zionist network in the Congo so interlocked, so powerful and so domineering, that it can truly make one's head spin \(65\).](#)

Gertler, a member of the influential Chabad Lubavitch supremacist gangster cult and guided by Rabbi Chaim Yaakov Leibovitch, is in bed with Jewish diamond dynasties that include the families of Templesman, Oppenheimer, Mendell, Blattner, Hertzov and Steinmetz, his main partner. The Chabadnik criminal bought off the Congolese government in exchange for high-level "Israeli" defense and intelligence assistance. The endeavors of Gertler and Beny Steinmetz, one of the richest Jews in the Zionist entity, have proliferated and today, they have a monopoly over Congo's diamonds, a dominant stake in Congo's copper and the largest cobalt-mining company in the world. [And all of](#)

[this blood money ties into Jewish organized crime, "Israeli" arms dealers, multiple influential Chabad houses and the Zionist occupation itself all the way up to Netanyahu's office \(65\).](#)

Gertler, a Jewish supremacist of the highest order, revels in sucking the Congo's blood and he's so sadistically thirsty for it, he just won't stop his criminality until there is nothing left but millions more dead.

If the late Mehdi Ben Barka was the "Moroccan Che Guevara," then Thomas Isidore Noël Sankara, the Burkinabé revolutionary, Pan-Africanist and righteous leader of Burkina Faso from 1983-1987, was certainly the "Che Guevara of Africa." Sankara was known for his incorruptibility and radical (and successful) policies that included land reform, women's rights, literacy promotion, education, famine prevention, resource nationalization, anti-neoliberalism, anti-Zionism, anti-imperialism, public health care, social justice and legal punishment for all previous oppressors, colonialist and collaborator alike. Thomas Sankara was nothing short of remarkable. Unfortunately however, his extraordinary and pristine life came to an end on October 15th, 1987, when he was overthrown and executed in a coup d'état by incumbent Burkinabé president, Blaise Compaoré. It has been known, for quite some time, rather undisputably in all actuality, that French intelligence and the CIA aided the coup, but there is yet another player that isn't discussed. Not only has the usurping Zionist entity's [Foreign Affairs Ministry described Burkina Faso as "one of 'Israel's' most loyal friends in Africa \(66\),"](#) but Blaise Compaoré is an [honorary member of The International Raoul Wallenberg Foundation \(67\),](#) a known front for the usurping Jewish regime's Mossad [in which Yosef A. Maiman, the aforesaid Mossad agent who runs the Merhav Group of "Israel" consortium](#)

that is currently targeting Somalia, sits on the Board of Directors (68). The International Raoul Wallenberg Foundation was founded by Argentine Jewish supremacist Baruch Tenenbaum, a devoted Talmudist, Kabbalist and Zionist who made it his life's work to undermine Christianity (69). The fact that Compaoré belongs to such an organization is damning; he is a Mossad asset and has been one from the moment that he sold his soul and Burkina Faso to the enemies of Thomas Sankara. Moreover, in a startling admission from former French Foreign Minister Roland Dumas, it is now known that French intelligence is compromised and has been so for some time; the Zionist entity controls it (70).

This is yet another damning piece of evidence that Thomas Sankara was indeed a martyr made so by Zionism.

Burkinabé hero Thomas Sankara, December 21, 1949 – October 15, 1987; martyred by agents of the Jewish Power Matrix.

The fallen Burkinabé hero's widow, Mariam Sankara, declared with her head held high, "What remains above all of my husband is his integrity." Indeed. And just one week before Mossad asset Compaoré led the coup against him which would result in his untimely death at the tender age of 36, Thomas would famously state, "While revolutionaries as individuals can be murdered,

you cannot kill ideas (71)." Indeed again.

The ideas of Thomas Sankara have not died; they are more alive now than ever before, in the hearts of the Islamic Resistance of Somalia and the Libyan Green Resistance fighting Zionist-designed occupations of their ravaged homelands, and in the streets of Tunisia, Egypt and Morocco, fighting counterrevolutions and repressive, pro-"Israel" dictatorships. What the people of Africa, Black and Arab, Christian and Muslim, and everything in between, must know, is that the Zionist entity, inspired by a primordial Jewish supremacist ideology, has no interest in your land except to exploit it, and exploit you. Zionism is a cancer that infests, infects and destroys everything in its path. But like any other cancer, it can be counteracted and cut out, so it never returns. O' Africa! Cut out the Zionist cancer from your midst. Cut it out like a knife to flesh and vow never to mix with it again. It is what Sankara would have wanted. It is what Qadhdhafi would have wanted. It is what Mehdi Ben Barka would have wanted. It is the right thing to do; the just thing, for all of the martyrs of the Transatlantic Slave Trade. For Rwanda. For the Congo. For Burkina Faso. For Somalia. For Zimbabwe. For Uganda. For anyone and everyone who has suffered at the hands of the usurping Jewish entity; to all oppressed people from Africa to what lies beyond its beautiful and ancient borders, heed the call: cut out the Zionist infestation before it is too late. Cut it out before you wake up one morning to the cruel jackboot of Jewish cultural imperialism stepping on your soul, with no Fela Kuti to remind you of the "Zombie" that now personifies your very existence.

Brilliant my friend! You are a gifted writer. But remember that even people who are Jew-wise are intimidated by the sheer volume of information. Not many people will have the time to read this and many of your other brilliant essays. PERHAPS, you could post snippets from your works on your blog every now and then(every day maybe?) with links to your full articles? You are succinct and to the point. Love your work and want others to hear you. My two cents. PEACE!

Thanking you for an EYE OPENER. The truth about Zionism and the spread of the corruption has been ongoing for years right under our noses, masked in holocaust guilt (of which I was a sucker for) I for one really had no idea.thx again, and yes you should post this in Increments. God bless you for a timely expose just sent it to a missionary friend of mine who has worked for many yearsin Africa

It looks like the Zionist will use people to get what ever they want. Once their usefulness is over, they end up broken or dead. Unfortunately, these scumbag, low life, sub humans control the world money system through their central banking scam.

Another brilliant eye opener, "Ziah. Posted it today. Thank you for pulling it all together. Suddenly I see African leaders with a different view... well some of them. It sure makes me wonder, however, who is behind the White genocide taking place in South Africa the past few years!

Salaam sister Noor!

Long time, no talk, shukran for stopping by and for your kind words as always!

I must tell you sister that I take issue with the phrase "white genocide" in regards to what is taking place in South Africa with the attacks on Afrikaner farmers by dispossessed indigenous persons. There certainly has been innocent bloodshed, as evidenced by the dozens of little children killed, there is no doubt about that, but my heart and solidarity is with the oppressed people before anyone and the Afrikaners of South Africa are NOT oppressed people; they are NOT indigenous and they NOT victims. I view them like I view "Israeli" Jews: as rapists of the land, as settlers and as colonialists who have no business at all living on that land. If you have noticed, the attacks on Afrikaners over the last several years have not been crazed sectarian reprisals as many have tried to portray them. These attacks have been on farmers, as in land owners, as in land thieves, and the persons doing the attacking are merely taking what is rightfully

theirs: the land, expropriated through colonialism for hundreds of years. The fact that the land thieves in this case are white Afrikaners is of no consequence, it wouldn't matter if they were Arab, Chinese or Latino, they would be still be land thieves. And while the methods in which they try to take back their land may be crude, it is nonetheless something I have no problem with, just like I have no problem with the crudeness once used by Algerian fighters who liberated their land from French (read: Rothschild) domination or the methods that Hamas and other Resistance groups used for many years against the Jewish usurpers.

With that said, I also put a great deal of the blame on the African National Congress for the "plight" of these Afrikaner farmers. After the Truth and Reconciliation hearings, the "colonizer and colonized" divide was supposed to be erased but it never was. Indigenous South Africans were never given the fair share of land that they were promised, thus making them hateful and disgruntled and ready to take back their land by any means necessary, to the detriment of some 3,000 Afrikaners, mostly men, but some women and children, who have been killed as a result of these failed policies. As I state below, in reply to a comment from a brother named "Chris," the ANC is very much a tool of Oppenheimer interests and despite all of its pro-Palestine rhetoric over the years, it still refuses to boycott the Zionist entity as a collective, despite some of its members doing so, and that is pathetic.

I hope I shed a little light.

Blessings ukhti,

~ Ziah

Good article but not great.

A few points.

Jews are neither white nor European, they are Asiatic. "Africa has been the most tormented and tortured of the planet's continents and regions"

Europe has suffered no less under the Jew going back thousands of years. From slavery to world wars. The Boer war, with its British (Jewish) concentration camps. <http://winstonsmithministryoftruth.com>

blogspot.com/2012/03/boer-wars-were-fought-for-jews.html?zx=9848f090293f0287

including today's mass immigration. The far east with its Jew David Sassoon opium wars and communist uprising.

"Rhodesia would go from colony of the Rothschild Empire, to the sadistic apartheid regime of Ian Smith from 1965-1980, to the nation known today as Zimbabwe". This is not true. Smith initiated the break away from the Rothschild banking system and hence the "civil war". Much like America and it's colonial script.

Mugabe was initially at least, the tool to bring the country back in line. I say initially because Smith was a confidant and advisor to Mugabe until his death in Cape Town. Research Jew Henry Kissinger's role via SA and the sanctions applied against Rhodesia. SA always had Jews running the opposition political parties much like today. A Communist Jew tactic which means the Jews were and are running the country. The Oppenheimers and the Ruperts controls SA's banking today on behalf of the Rothschilds.

Communism is a Jewish construct financed by Jews i.e. The Bolshevik revolution, and Mugabe(initially) much like Mandela with the likes of Jews Albie Sachs, Joe Slovo and Ronnie Kasrils pulling the strings were communist(Jewish) tools. The African National Congress (ANC) in South Africa was guided by two Communist Jews, Albie Sachs, "one of its foremost intellectuals"(London Sunday Times, Aug. 29, 1993) and Yossel Mashel Slovo (Joe Slovo). Slovo was born in Lithuania and grew up speaking Yiddish and studying the Talmud.

SA history including the apartheid years has been Jews pitting blacks against whites. Divide, concur and rule.

Muammar al-Qadhdhafi was a Jew I'm picking up an anti-European dear I say anti-Christian bias?

Peace and blessings brother Chris,

First and foremost, I thank you for reading, as well as your insight.

Secondly, I must say that I am a bit taken aback by your assertion that I display some sort of an "anti-European" or "anti-Christian" bias in my writing and this is something that I wholeheartedly reject. I find it deplorable that you would even suggest such a thing, especially considering you are stating it without a lick of evidence, as there is none. I am Muslim and it is engraved in the very fabric of my religion to love and venerate Messiah Jesus (AS), as well as respect Christians, as they are "people of the Book" according to the Holy Qur'an. I am the farthest thing from anti-European (anti-White) and I am repulsed by those who are. This piece I wrote here is a testament to these two truths: <http://www.maskofzion.com/2012/03/tribal-nexus-zionists-and-anti-zionists.html> I am anti-colonialist, anti-Zionist, anti-Jewish-supremacist, anti-Rothschild and anti-internationalist, please never forget that.

I don't like to play the "who suffered more" game as it distracts (and detracts) from alliances that can be made between like-minded and productive persons. Apart from that, it is indeed an invention of Jewish interests who constantly play the "6 million died" card to denigrate the suffering of everyone else on earth who suffered at the hands of "the tribe." With that said, I absolutely sympathize and empathize with the pain of Europe due to the horrors of international Zionism and Jewish communism, which brought forth the world wars, but it was never subjected to anything close to the ungodliness and insidiousness of the Transatlantic Slave Trade, which, at least in my (and other respected scholars') estimation, ranks somewhere near the top of World Jewry's greatest crimes. 400 years of continuous persecution of our African brothers and sisters for profit; it is truly incomparable in terms of length and casualties, contrary what Jewish interests want the world to believe to of course cover up their dominant hand in this travesty. Besides, my statement, when placed in the proper context, was meant in geopolitical terms, as Africa is still suffering today as much as it was under Rothschild colonialism while

Europe has risen from World War II and rebuilt itself. Europe now fights against Jewish liberalism and culture domination, like America, and this isn't in doubt.

Mask Of Zion[April 27, 2012 6:02 PM](#)

I am well-aware of the Jewish hands that manipulated the Boer Wars but brother Chris, you're missing elephant in the room: it was a war between Jewish-financed colonialists fighting for the land that they stole from the indigenous African people whom they butchered and ethnically cleansed. They never should've been on that land to begin with it, it didn't belong to them. I find your statement regarding "mass immigration" odd and shadowy. What is this in regards to? If you're referring to the influx of Muslims into European countries, it is only due to the genocidal Zionist wars that the Zionist-occupied regimes of America and the EU are waging for their Jewish masters, which have dispossessed millions, that has created the problem. The cultural history of Europe should absolutely be protected from alteration and at the same time, Zionist wars of aggression should be opposed so Muslims (and Arab Christians) are not thrown from their homes by proxy occupiers. The Sassoon family, a Rothschild affiliate, has no relevance to this discussion, as their intrigues were exclusive to Asia, I'm not sure why you brought them up. My brother, your statements regarding Rhodesia and Ian Smith just have no basis in reality. The Smith regime was heavily armed and supported by the Zionist entity, did you not read the piece? If "Israel" wasn't supporting him, his apartheid regime would have collapsed much sooner. And Kissinger? He wanted to maintain apartheid throughout the entire continent because initially, he thought it would benefit American (read: Jewish) interests. When he realized this wasn't so, he changed his tune while promising the European settlers of Rhodesia and the British (read: Jewish) and South African (read: Jewish) companies that they worked for billions of dollars in aid. Ultimately, the fall of apartheid in Zimbabwe was

"supported" by the West in an attempt to preserve Pretoria and salvage their interests: <https://epress.anu.edu.au/history/etol/writers/callinicos/1976/11/kissinger.htm> This of course, thanks to Mugabe, failed. Hence the sanctions against Zimbabwe and ongoing efforts by South African Jewry and the African Jewish Congress to infiltrate and subvert the country.

Mask Of Zion[April 27, 2012 6:03 PM](#)

Finally, I am exceedingly aware of Jewish Bolshevism, as well as the racist Jewish supremacist rabbi that gave birth to communism, I do need a lecture about it as I have written extensively on the matter: <http://www.maskofzion.com/2012/02/accusation-of-anti-semitism-i-zionism.html> Also, I do not dispute at all that the African National Congress was hijacked by Jewish interests and I personally despise the little-known albeit age-old relationship between Mandela and the Oppenheimer family. He was their puppet. But the issue of "anti-apartheid Jewry" is a bit more specific than you're making it and it wasn't a case of divide and rule either; Afrikaners described themselves as the "new Jews" and they described Pretoria as "new Israel," and they were settlers who brutally colonized the land for hundreds of years. They, like the Rhodesian settlers, had no business on that land, and the ANC's initial anti-colonial struggle was a righteous one. Apartheid was actually UPHOLD by South African Jewry, as every major Jewish communal organization supported it or remained silent on it to protect Jewish interests. This is something I pointed out in the piece but it is discussed in-depth in "The Unspoken Alliance: Israel's Secret Relationship with Apartheid South Africa." Most of the Jews who would join in the fight against apartheid, as pointed out by Ali Abunimah in his "One Country: A Bold Proposal to End The Israeli-Palestinian Impasse," were liberal Zionists. They were aware of the relationship between the Zionist regime and the apartheid regime and to save "Israel" from international abhorrence, they fought to end apartheid and bury its connections

to Zionism. This is Jewish chameleonism at its finest. Slovo and Sachs were assuredly vile but Kasrils is a bit different. He was by no means a Zionist and the usurping Jewish supremacist entity doesn't like him because he has spoken out vehemently against the occupation and supports the Palestinian call for BDS. I personally do not have an opinion on him as I am skeptical of any Jew who "supports" Palestine without explicitly calling for the Zionist entity to be dismantled and every Jewish settler from the river to the sea expelled, but nonetheless, it is necessary to stick to the record.

And no brother Chris, Muammar al-Qadhafi was not Jewish. That report widely cited from "Israeli" media is an unproven fraud and a pathetic display of hasbara. Qadhafi was murdered for standing up to the international Jewish Power Configuration and the usurping regime:

Facts are facts, and I would suggest that next time, you pay a bit more attention to them instead of jumping the gun with accusations of bias.

From first hand experience we'll agree to disagree on a number of points.

Take care, keep doing what you're doing.

Brother Chris, that is fair enough. I strongly, strongly appreciate the civility as it is unfortunately quite uncommon in our mix these days. I will indeed keep doing what I'm doing, especially because I have the support of persons like yourself.

God bless you as well,

Two points

1: Smith declared independence from Britain. Why?

2: Mugabe is/was a Marxist(Jew's bitch)?

So why did Smith declare independence from Jew Britain? Why not carry on the deception? Just to maintain a bit of privilege. Freedom and democracy are illusions and the Africans under Smith had the highest standard of living compared to the rest Africa including Libya. Anyone who says otherwise is either ignorant or is lying through their teeth. Doesn't make sense.

Why did Jew Israel help Smith while the Jew controlled USA, Britain and United Nations place sanctions on Rhodesia? Why did Jew controlled SA betray Rhodesia?

Mugabe is a Marxist and Marxism like Bolshevism, in the words of the great Bobby Fisher, is a mask for Judaism.

Marxist Mugabe is no saint. Much like Jew Mason controlled Mao(marx2mao.com) he is responsible for the deaths of millions of his fellow countrymen not just a few white farmers. All the while ignoring the Indian who is the proxy for the Jew in Africa. White owned business are still stolen to this day to maintain political monopolies. The casino diamonds that recently cropped up in Zim with government soldiers shooting and killing villagers to drive them off their land. What of that? The diamonds are ending up in Israel and Antwerp. What of Bob's Gold businesses in Dubai? The rulers of Dubai and the house of Saudi are all Jews. Hardly the actions of a liberator and defender of the people. With the Jew printed Federal Reserve Note circulating as legal tender now in Zim the Jew is well and truly in control. He's just a thug with the guns.

Mugabe still in power after all these years is now in bed with the Jew Communist/Bolshevik Chinese. With a basic understanding of free market economics and the import/exports it's easy to see China is under the control of Jew Sassoon/Rothschild.

So Smith was in bed with Jews and Mugabe not? Something's not quite right.

Why did Gaddafi wait so many years to announce a gold backed

dinar? Why was he so involved in the Jew controlled African Union? He was also no angel. Akira had a good article on Gaddafi which is not longer up. Surprise Surprise.....

<http://www.guardian.co.uk/world/2012/apr/29/nicolas-sarkozy-rejects-gaddafi-claim>

Again something's not quite right. You can't learn everything from books and much like the holohoax don't blindly accept the view of these sources. The Jew is a master of playing all sides

"Zimbabwe's tragedy is a Western-created tragedy.

Western leaders who pretend to be committed to democracy, human rights and ending the suffering of the Zimbabwean people are crying wolf. If the U.S., Britain and their allies are as committed to democracy, human rights, the roles of international law and civilised norms as they claim to be, then they should first end their murderous Occupations of Iraq and Afghanistan.

Ghali Hassan is an independent writer living in Australia." If Ghali Hassan is so truthful why does say not say Jewish-created tragedy?? He's the same as Jew Noam Chompskike.

Ever been to Zimbabwe or SA? Ever spoken to the older generations? For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places.

Only in the body of Christ where the truth sets us all free will we break this global parasitic mortgage on humanity.

Peace and blessings "Anonymous", I must say that I find it exceedingly ironic and borderline laughable that you declare yourself to be against "principalities" and "powers" and "rulers of the darkness of this world" and "spiritual wickedness in high places" but yet, you are defending colonialism, one of the worst crimes against humanity ever inflicted upon the globe by the Rothschild family and its Jewish

satellites, with all of your being. You are being nothing but disingenuous. The apartheid regime of Rhodesia, which was armed by the usurping Zionist entity (evidence provided in the article), was a brutal and cruel and criminal enterprise, it was monstrously oppressive to the indigenous people; where is the evidence for your utterly ridiculous claim that the indigenous people of Zimbabwe had a higher standard of living under Rhodesian apartheid than any other group of people in Africa? You provided none because it doesn't exist. I'm not "ignorant" or "lying through my teeth" Sir, I'm sticking to the facts, something you're seemingly incapable of doing. Colonialism has never benefited anyone but the colonialists and those who financed them. This is basic, basic knowledge and common sense.

And Smith's declaration of "independence" was nothing but a sham as he maintained his allegiance to the Queen, who is nothing but a figurehead for the Rothschild family. As I stated above to brother Chris (with evidence), the Zionist-occupied governments of the West first attempted to uphold Rhodesian apartheid then many years later inevitably "supported" the fall of it to protect their own interests. There was no "betrayal" as your absurd diatribe suggests, if there was, Smith (and other apartheid leaders for that matter) would have went to prison for crimes against humanity. Instead, he served in the government for several more years and then retired to South Africa happily.

Again, you provide ZERO evidence that Mugabe has killed "millions" of his own people and you provided that amount because there is none. The only ones who repeat that lie are the agents of the Zionist Power Configuration trying to take him and Zimbabwe down. You disdainfully bring up that Mugabe is a Marxist and my response to you, simply, is... and? Thomas Sankara, the great Burkinabe revolutionary discussed in this piece, was also a Marxist; Mossad killed him. Che Guevara, another Marxist, was murdered by the CIA. Mehdi Ben Barka, the Moroccan revolutionary mentioned in this piece, was of some sort of Marxist political extraction; Mossad killed him. Stalin himself, the supreme puppet of the

Jewish-Bolshevik takeover of Russia, also identified and as a Marxist, and when he changed sides and fought to break Jewish influence in his country, the Bolsheviks killed him. Many Palestinian leaders and activists murdered by the usurping Zionist regime were of the Marxist persuasion. Though I am no fan of the Marxist line of thinking, as it is antithetical to my religion firstly and I am thoroughly aware of its dangers as outlined in the history of Jewish-devastated Russia, ultimately, one's political philosophy or identification isn't relevant if they are resistant to the machinations of international Zionism. Marxist, National Socialist, Islamic activist, Christian activist, Jewish interests will eliminate you all the same.

Mask Of Zion May 3, 2012 7:57 AM

Nobody ever said that Muammar al-Qadhafi was an "angel," in fact, he was far from it, but the fact that he was murdered in cold blood in a NATO special operation and that his country was ravaged in yet another Jewish-Zionist plot, speaks volumes. Your allegations of "something is not quite right" again, are baseless. Libya was the "Switzerland" of Africa and now it is a wasteland like Iraq because of Zionism; if you don't see that, you are truly blind.

This statement is truly laughable, I mean truly, undeniably laughable: "You can't learn everything from books" where should we learn from then? Dirt? The sky? If one doesn't read, one knows nothing, sorry. And nobody is accepting anything blindly; to establish a truly decent view of the world, one must read sources of the friend, sources of the enemy, sources of the neutral, and then establish his opinion accordingly. That is what is done here at Mask of Zion, and we never take the eye off of the center of the target: ending Jewish supremacy over the globe and stopping its quest for Zionist expansionism in the Middle East.

Lastly, I find it amazing that you take out your frustration on brother Ghali Hassan for calling what's taking place in Zimbabwe a "Western tragedy," therefore granting credence to it minus your objection to terminology, but then

earlier on in your baseless and ignorant rant, you blamed it all on Mugabe. Your cognitive dissonance is quite creepy and very telling that you have no idea what you're talking about. And your comparison of brother Ghali to Noam Chomsky is as funny as it is pathetic and egregious. Ghali thrashed Chomsky for his Jewish supremacism and allegiance to Zionism and to date, remains one of the only persons in "the movement" to do so:

I was reading this trying to get information but as soon as you talked about Mugabe not killing his own people. I realised that if you can actually get that small piece of history wrong considering there are actually people still living today who lost their family due to Gukurahundi - how can I believe all the other facts you have put here

Mask Of Zion May 25, 2012 5:44 PM

First and foremost, anyone who uses the phrase "killing his own people" without debunking it is a person who doesn't understand the hasbara mechanism of the Zionist geopolitical machine. Secondly, it is stunning to me that you, and several other disgruntled persons who emailed me regarding The Gukurahundi, refer to it in mainstream (read: Zionist) terms, blindly adhering to the mainstream (read: Zionist) narrative. The Gukurahundi wasn't a "massacre" or a "genocide" as so many Jewish-funded "human rights" organizations have said, but a sustained conflict between the forces of Mugabe and the forces of Joshua Nkomo, who, for the record,

was a British puppet and all Zimbabweans and other aboriginal persons from Southern Africa know this.

Nkomo was prepared to sell out Zimbabwe for British colonial rule repackaged; Mugabe and his men fought it. Yes, many men on both sides died, many innocents from both sides paid unjustly with their lives, but it was a conflict fueled by the combined treachery of Britain, the Zionist entity and traitors like Nkomo. It is much like the conflict between the Syrian government of Hafez al-Assad and the Saudi-"Israeli"-American trained Muslim Brotherhood from 1976-1982. Mainstream groups issue reports about the "genocidal" measures undertaken by al-Assad Sr. despite this having no basis in reality. The reality is something far less sensational: armed struggle between Zionist-backed proxies and a government committed to Resistance. This concept directly and aptly applies to Mugabe, Nkomo and the Gukurahundi as a whole.

With that said, what you choose to do in regards to this well-documented piece is your own business. The facts are here for you and all others to see, if you are brave enough to disconnect yourself from the Jewish-Zionist umbilical chord that you are obviously very much attached to.

Thank you for reading.

Talmudic Judaism is based on a concept of superiority and an abusive attitude to the rest of humanity, from what I can see. But so is Islam. Seems like the middle East spawns violent abusive religions. Which are an insult to any God that they purport to represent. So, if you are ready to expose Judaism, are you ready to expose Islam?

Mask Of Zion June 11, 2012 7:05 PM

Cathal, your deplorable comment was only approved for the sheer stupidity of it and the necessity to expose such pathetic and filthy hasbara so it is demolished completely and made incapable of rising again. Comparing the supremacist, anti-human, genocidal religion of Judaism with Islam is like comparing the great Malcolm X to Jewish mass murderers Trotsky and Lenin; like comparing General Abdul Karim Qassem, the revolutionary leader of Iraq from 1958-1963, to Zionist psychopaths Netanyahu and Peres.

While Judaism is centered around the "chosen-ness" of one group of people, essentially a "covenant" that gives them (and only them) the right to not only rule over the globe and dominate all other peoples residing with them, but make these other peoples their slaves for eternity, Islam is based on a concept of universality,

righteousness, respect and brotherhood that preserves the ethnic and cultural distinctions of all peoples while uniting them under the protection of ALLAH (SWT), or in English, the One God. Islam is a religion of learning that encourages the striving for knowledge. It is a religion that anointed woman as the queen she is who resides as an equal with man, that teaches self-defense in the face of a war of aggression, that teaches the upholding of the oppressed, the strengthening of the weak, and the giving to those who have done. It is a religion of true monotheism. Judaism is the polar opposite of these precious, righteous things; it is a devilish idolatrous construct that makes the Jews themselves "gods" among men who will reign with an iron fist.

There is nothing to "expose" about Islam. However, there is plenty to learn from it, appreciate about it and be enlightened by it. And your comment about "the Middle East spawns violent abusive religions" is Orientalist to its very core. How putrid. Where exactly did you pull such wording from? An essay by the godfather of modern Orientalism,

Jewish-Zionist warmonger Bernard Lewis? Or maybe one of his contemporaries in the "chosenite" Cabal that destroyed Iraq? And lastly, it is the adherents of Talmudic Judaism who are being "abusive" to the "rest of humanity" as you put it, not Muslims. Never forget that.

May you be guided,

Auschwitz sets record with 1.43 million visitors in 2012

Tourist trips to the death camp have tripled in the past decade, both preserving victims memory and threatening to damage the site - January 4, 2013, 8:30 pm

Poland provided the most visitors to Auschwitz last year, followed by the UK, US, Italy and Germany

WARSAW, Poland (AP) The Auschwitz-Birkenau memorial site in southern Poland registered 1.43 million visitors last year, a record number in its 65-year history as a place of Holocaust remembrance, officials said Friday.

For several years now, the grounds of the former Nazi death camp have registered record numbers of visitors. In 2011, there were 1.4 million visitors from across the world, triple the number of a decade before.

In a statement announcing the new figure, director Piotr Cywinski said that in the last decade, Auschwitz has become a fundamental memorial for all of Europe.

A massive rise in visitors came after Poland joined the European Union in 2004, a development that encouraged many people from across Europe to travel to Poland, and which opened up new air travel connections to the nearby city of Krakow.

The largest group of visitors 446,000 were from Poland, followed by large numbers from Britain, the United States, Italy, Germany, Israel and other countries.

The growing tourism is considered important in Holocaust education, but it is straining the sites barracks and other structures, many of which were built of wood and were never intended to last so long.

Massive efforts are under way now to preserve the site, with modern laboratories devoted to salvaging objects that belonged to the camps victims and buildings. The aim is to maintain the site in as close a state as possible to when it was liberated by Soviet troops in January 1945.

Nazi Germany murdered at least 1.1 million people at Auschwitz-Birkenau. Most were Jews, but the victims also included Polish political prisoners, Roma, gay people and others. (sic)

<http://www.timesofisrael.com/auschwitz-sets-record-with-1-43-million-visitors-in-2012/>

Lucky Fredrick Töben made it to Auschwitz in 1997 because now he is banned from visiting Europe. Germany has an European Arrest Warrant out for Töben because he refuses to believe in the official Holocaust-Shoah conspiracy theory, and Töben confirms that to date no physical/empirical evidence exists to prove that Germans during World War Two killed anyone in homicidal gas chambers. What is available is court records of Revisionists who legally have been persecuted, imprisoned and bankrupted because they rely on scientific evidence that refutes any claims made about such gassings.
